

# Two dimensional filter gadget for JEP fields

Displays JEP custom fields within two dimensional filter statistics

Built-in JIRA **Two Dimensional Filter Statistics** gadget does not support some custom fields.

**JEP - Two Dimensional Filter Gadget** gets **JEP User** and **Date** custom fields, and displays daily/monthly matrix (e.g. Resolution User vs Resolution Date)

- Click on **Add Gadget** button on the dashboard
- Type **JEP - Two** to the search box and click on **Add gadget** near **JEP - Two Dimensional Filter Gadget**

**Add a gadget** Manage gadgets X
