Schedule:	0 0 3 1/1 * ? *
Last Run:	Sun May 13 20:06:46 MSK 2018
Last run duration:	188 milliseconds
Next Run:	Mon May 14 02:00:00 MSK 2018
Message:	

If you want to change this behaviour,

- go to SnapMetrics Plugin > Settings page
- change cron expression in Metrics Scheduler Cron section

Metrics Scheduler Cron

Type cron for Metrics Executer Scheduled Task, e.g.: "0 0 3 1/1 \* ? \*" means 3:00 AM every day

- click **Change** button.

Please make sure that your cron expression is valid. You can test and/or generate cron expression on <http://www.cronmaker.com>
